To whom it may concern,

My name is David Parker with 1<sup>st</sup> USA Realty in Mesa Arizona, and I wanted to let other know how Operation Restoration has helped me, but most of all how they have helped my clients. This market that we are in right now is very turbulent and a lot of mistakes are being made, which usually the client is the one that pays the most. The system that is in place is not able to perform the way it should and that is why I am speaking out about Anne Batte with Operation Restoration. They have helped me tremendously by being that middle person who has all the right connections and the professionalism needed in these times.

Dealing with the banks, she is able to get to people quicker than I could and sometimes to people that I may never have been able to reach at all, trust me they have the connections. But most of all what they do for my clients is beyond what I have seen any other non-profit organization do, they listen, they care and they help beyond the circumstances at hand. Operation Restoration has been a blessing for me and my clients and I wish there were more people like them.

Thank you Anne,

Sincerely,

A handwritten signature in black ink that appears to read 'David Parker'.
