

news

Industry veteran Bruce Maddocks has launched Cups 'N Strings, a full service Santa Monica recording centre with surround mixing, mastering, postproduction, and high-speed delivery via T1 lines and ISDN.

A 300sqft control room houses a Sony DMX-R100 desk, Maddock's custom-built monitors, Hafler amplification and bass management, a 2-inch 8-track multitrack with a variety of head options, and all popular DAW packages.

The studio is offering FTP and Internet transfers, multichannel transfers and asset digitisation.
